Apakah ada ukuran (size) ...?	Maaf, tidak ada warna / ukuran ...!
Bagaimana kalau warna / ukuran ...?	Hanya ada warna / ukuran ...!
Boleh!	Bagaimana kalau warna / ukuran ...?

Shopper 1

You would like to purchase a plain shirt with short sleeves and a collar in size 10 for your younger brother. You are looking for a shirt preferably in blue, but if necessary in green or grey. You are expecting to spend about Rp 10.000.

You start the conversation, for example by saying, *Selamat pagi. Ada kemeja berkerah?* **(Good morning. Are there any shirts with collars?)**

Shopper 2

You would like to purchase a plain skirt in size 8 for your younger sister. You are looking for a skirt preferably in pink, but if necessary in yellow or white. You are expecting to spend about Rp 25.000.

You start the conversation, for example by saying, *Selamat pagi. Saya mau membeli rok.* **(Good morning. I want to buy a skirt)**

Shopper 3

You would like to purchase a striped T shirt in size 16 for your father. You are looking for a shirt preferably in brown, but if necessary in orange or yellow. You are expecting to spend about Rp 10.000.

You start the conversation, for example by saying, *Selamat pagi. Ada T shirt?*

(Good morning. Are there any T-shirts?)

Shopper 4

You would like to purchase a pair of blue jeans in size 12 for your sister. You are expecting to spend about Rp 30.000.

You start the conversation, for example by saying, *Selamat pagi. Saya mau membeli jin. Ada?* **(Good morning. I want to buy jeans. Are there any?)**

Shopper 5

You would like to purchase a pair of plain white or black shorts in size 8 for your younger brother. You are expecting to spend about Rp 15.000.

You start the conversation, for example by saying, *Selamat pagi. Ada celana pendek?* **(Good morning. Are there any shorts?)**
