Today's #green screen took us to Peru, Spanish beach, Barça stadium + cold winter! Only takes 5 minutes to set it up!

@ErzsiCulshaw what do u do with it?

@jw_teach @Kdmiller4 @catherinelliott @joedale just play with green cushions + Lego to learn the @DoInkTweets app :-)

Green Screen in our Spanish lessons

Inspired by Joe Dale (of course), here is a photo journal of our green screen adventures. We used the Do Ink app and a big piece of green muslin to create videos (role plays and weather reports).

This is the beginning of a journey... we are making mistakes but we will get better! :-)
