

## CINTAMU T'LAH BERLALU

Kunyalakan api di dalam tungku  
Dingin sekali malam itu  
Namun lebih dingin dalam hatiku  
Sejak cintamu telah berlalu... Ohh...

Pernahkah engkau mencoba untuk mengerti  
Aku ini orang yang tiada arti  
Kudengar lolongan anjing di malam hari  
Menambah kesepian dan hampa di dalam hidupku

Waktu hujan turun di malam itu  
Di bawah payung ku berlindung  
Sederas hujannya air mataku  
Sejak kau putuskan kasihmu... kasihmu... kasihmu... Oh...

Pernahkah engkau mencoba untuk mengerti  
Aku ini orang yang tiada arti  
Kudengar lolongan anjing di malam hari  
Menambah kesepian dan hampa di dalam hidupku

Waktu hujan turun di malam itu  
Di bawah payung ku berlindung  
Sederas hujannya air mataku  
Sejak kau putuskan kasihmu... kasihmu... kasihmu... Oh...

## YOUR LOVE HAS PASSED

I lit a fire in the fireplace  
So cold was that night  
But colder in my heart  
Since your love has gone ... Ohh...

Have you ever tried to understand  
I am a person that has no meaning  
I hear the dog howling in the night  
Adding loneliness and emptiness in my life

When it rained on that night  
Under my umbrella I sheltered  
As thick as the rain were my tears  
Since you ended your love... your love... your love... Oh...

Have you ever tried to understand  
I am a person that has no meaning  
I hear the dog howling in the night  
Adding loneliness and emptiness in my life

When it rained on that night  
Under my umbrella I sheltered  
As thick as the rain were my tears  
Since you ended your love... your love... your love... Oh...
