

A diary

REVISION: 2

Several times throughout the modules, you have seen Anna write her thoughts and impressions of Indonesia in her diary. You have watched as she and Peter settle into their new home and learn many new things.

Now it is your turn to write a diary. Choose the role of either Peter or Anna. Write five diary entries in this role describing your experiences, impressions and feelings as you come to terms with life in Indonesia.

This is a good opportunity for you to revisit some of the online modules. For ideas, you might like to watch Module 4, Learning Object 1 and 5 again where Anna writes her diary or Module 8 Learning Object 1 where Peter writes a postcard to *Wahyu*.

Exercise

Begin your diary by writing the date at the top of the entry on the line provided.

Write entries for 5 consecutive days (five days in a row) or for 5 different days over a longer period of time.
