

SERDADU KUMBANG

A production of Alenia Pictures and film by Ari Sihasale, released in 2011

This film study package for teachers is created by Balai Bahasa Indonesia Perth (www.balaibahasaperth.org) as a learning resource to support students of *bahasa Indonesia* in Western Australia. It has been created for use in classrooms in conjunction with the 2012 Balai Bhasa Indonesia Perth Indonesia Film Festival.

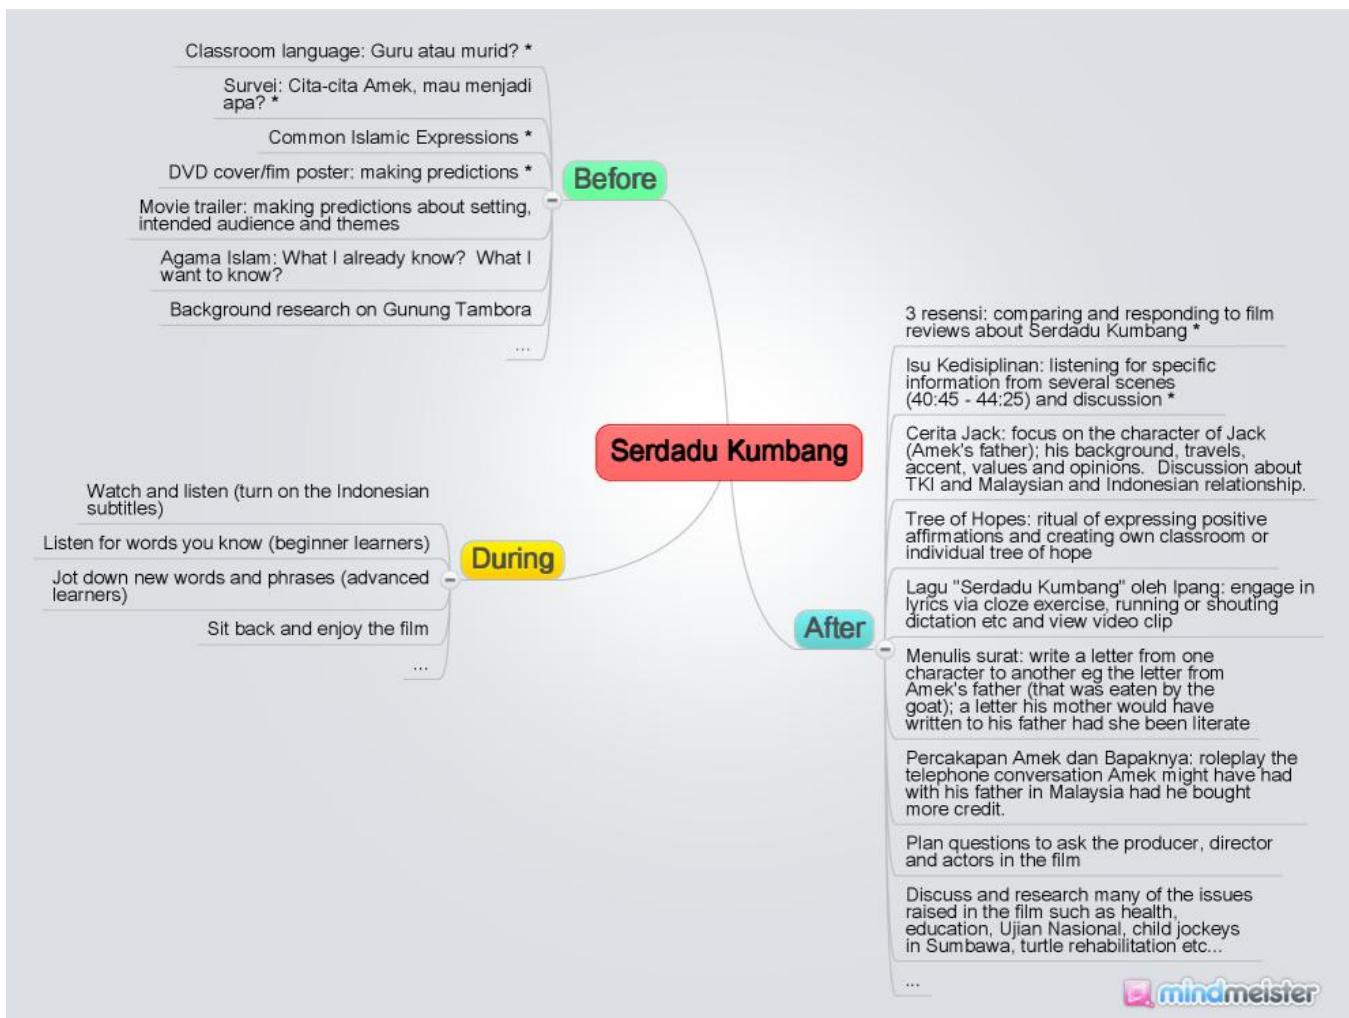

Learning activities have been broadly organized as occurring before or after watching the film. All the language skills (listening and responding and speaking; viewing, reading and responding; and writing) are represented in the activities; and cultural understandings are addressed where possible. The development of students' understanding of the system of the language and of the language learning strategies will depend largely on how these outcomes are highlighted as students engage with the activities.

The learning activities plan/brainstorm holds the film as the central text. Activities designed for completion BEFORE watching the film prepare students with a background to the story and essential language for understanding the film. The texts and tasks suggested for AFTER watching the film are intended to extend students' understandings and provide opportunities for them to practise and use their language skills. Activities marked with an asterisk (*) have accompanying resources in this study package. The language outcomes and phase of learning are suggested only and teachers should adapt the resources to suit their own learners' needs and abilities.

Saya suka sekali dengan kerja Ale dan Nia yang menampilkan wajah Indonesia dari berbagai lokasi di tanah air dalam produksi mereka. Juga pilihan wajah baru sebagai pemeran, tentunya memerlukan kerja keras untuk membina mereka menjadi pemeran tokoh film. Pilihan itu membuat tampilan karakternya utuh, tidak terkontaminasi dengan imej yang sudah melekat seperti pada artis yang sudah dikenal. Maju terus. Saya termasuk penggemar film-film Anda. Lanskapnya bagus banget. Tinggal menguatkan isi ceritanya...

In the film **Serdadu Kumbang**, the children often receive religious teaching and guidance from Haji Maesa, who the children affectionately call “Papin”. In one of the scenes, they are discussing the difference between behaviour that is ‘*mulia*’ (noble) and that which is ‘*dosa*’ (sinful). Watch the scene again (22:20 – 23:50) and sort out the types of behavior listed into the correct column of the table below:

Contoh kelakuan:

- *menyakiti orang*
- *naik kelas*
- *nyontek ujian*
- *ingkar janji (bohong)*
- *lulus ujian*
- *mencuri*
- *membolos sekolah*

Kelakuan yang mulia	Kelakuan yang dosa
	Contohnya: menyakiti orang

Can you add any behaviors to this table? (*Contohnya: membolos sekolah*)
